Commissioner for Patents

As stated in the two previous Notices of Non-Compliant Amendment, the listing of claims is not correct. Applicant must submit a version of the claims that includes all of the amendments that have been made to the claims, including the amendments filed on April 26, 2006.

In that amendment, claim 1, for example, included the added language, "the first type non-volatile memory device and the second type non-volatile memory device are disposed in the multi-memory architecture at the same time". Claims 4, 6 and 7 were also amended on April 26, 2006.
